Table of contents of Strabismus, Volume 10 Number 2, 2002

*B. Lorenz and H.J. Simonsz*

Proceedings of the 8th Annual Meeting of the Bielschowsky Gesellschaft, Regensburg, Germany, July 6th to 8th, 2001

*Oliver Ehrt, Yvonne Bekl and Klaus-Peter Boergen*

Effect of inferior oblique recession in strabismus sursoadductorius

*M. Gräf*

Kestenbaum and artificial divergence surgery for abnormal head turn secondary to nystagmus. Specific and nonspecific effects of artificial divergence

*H. Tegetmeyer, Th. Blaschke and I. Sterker*

Smooth pursuit eye movements in patients with ocular motor nerve palsies: A preliminary report

*S.E. Loudon, J.R. Polling and H.J. Simonsz*

A preliminary report about the relation between visual acuity increase and compliance in patching therapy for amblyopia

*Hans-Felix Piper*

The history of research into the disorders of reading and accommodation in strabismic amblyopia

*Siegrid Löwel and Ralf Engelmann*

Neuroanatomical and neurophysiological consequences of strabismus: Changes in the structural and functional organization of the primary visual cortex in cats with alternating fixation and strabismic amblyopia

*M. Schellenbeck, Chr. Hartmann and E.C. Schwarz*

Formation of a unilateral form deprivation myopia (FDM) due to a congenital eyelid entropion with a consecutive corneal ulcer: An illustrated case report

*Ina Sterker, Sebastian Wolf and Peter Wiedemann*

Strabological results in patients with macular translocation surgery and counterrotation of the globe as a secondary procedure

*Julia Fricke, Antje Neugebauer, A. Kirsch and Walter Rübmann*

Ocular neuromyotonia: A case report

*please turn over*

*Elizabeth C. Engle*

The molecular basis of the congenital fibrosis syndromes

*Bradley G. Goodyear, Ravi S. Menon and David A. Nicolle*

High resolution fMRI of ocular dominance columns within the visual cortex of human amblyopes

*Marianne Dieterich*

The topographic diagnosis of acquired nystagmus in brainstem disorders

*Birgit Lorenz*

Genetics of isolated and syndromic strabismus: Facts and perspectives< /> Towards identification of genes in regionally accumulated strabismus

*Martin Zitzlsperger, Michael Salzberger, Birgit Lorenz and Markus Preising*

In search for increased prevalence rates of strabismus and microstrabismus in two Bavarian districts, Oberpfalz and Niederbayern, to spot populations for gene identification

*Elisabeth Schulz, Barbara Jänicke and Judith Wundenberg*

Grating acuity with varying field size in patients and normal infants

*Renate Unsöld and Christoph B. Ostertag*

Nystagmus in suprasellar tumors: Recent advances in diagnosis and therapy

*L. Jacobson, J. Ygge, O. Flodmark and U. Ek*

Visual and perceptual characteristics, ocular motility and strabismus in children with periventricular leukomalacia

---
